1	2026-04-30 17:26	Fernanda Open in Slack	@channel @Sandeep Jain can you please check this for Malahide Community school sent out re-registration forms a couple of days ago to all parents in the school - there is a separate form for each year group. However a number of our 1st Year parents have reported that they have received a total of 2 forms i.e a correct one for their child confirming that they are returning for 2nd year and a second one asking them if their 3rd Year Child is returning for TY. When we look at our end we can only see the 1st year's name correctly associated with the '1st year returning to 2nd Year' form. Could you have a look at it please, advise what is happening and then ensure that no other parents receive a 2nd erroneous form? Names of 1st students involved include : Nikolas Ryan, Harry Pitcher, Sophie Loughnane	[27 earlier replies not shown] [12:29] Fernanda: @Sonali Gaikwad any other suggestion? [12:36] Sonali Gaikwad: @FernandaNot sure why they're unable to see it. There is no validation or logic preventing it from being displayed. The correct parent should be linked to their respective student, as that is how we fetch the form for the assigned student.
