1	2026-05-08 17:08	Fernanda Open in Slack	@channel can someone confirm for me, Ennistymon, school received an email to say picture has been revoked, but when looking in the dashboard is showing as granted. just want to make sure the parent updated back to granted Maximillian Bierka 3B	[1 earlier reply not shown] [11:29] Manish Pathe: @Fernanda Didn't they receive an email when the parent approved the picture permission again? Could you please share a few details about it, such as: • The email ID that received the email • The time the email was received(A SS would be better) CC: @Sandeep Jain [12:12] Fernanda: <mailto:karen.guerin@ennistymoncs.ie karen.guerin@ennistymoncs.ie> [13:21] Fernanda: @Manish Pathe [13:40] Manish Pathe: <mailto:karen.guerin@ennistymoncs.ie karen.guerin@ennistymoncs.ie> The user is neither a principal nor a deputy principal, and have not been added in the email settings as well. [13:49] Fernanda: <mailto:Karen.ONeill@ennistymoncs.ie Karen.ONeill@ennistymoncs.ie> was the email that received the alert [13:58] Fernanda: what I need to check is why the email saying was revoked when is showing granted. not wether why she received the email @Manish Pathe [15:06] Manish Pathe: We checked the email logs(On sendgrid) for the user(<mailto:Karen.ONeill@ennistymoncs.ie Karen.ONeill@ennistymoncs.ie>) for 06-05-2025. The user received two emails: one for access revocation and another likely for access being granted again. Upon checking the database, we confirmed that only this student's access was modified on that date, so there is no possibility that the second email was meant for another student. It appears that the parent first revoked the access and then immediately updated it to grant access again. Could you please ask the user to confirm whether they received the email regarding the access grant?

3	2026-05-07 19:51	Sunny Open in Slack	Sutton Park - Aelana Shafrizan @channel Can someone check the signatures of the Abs and Late for this student's attendance? We can see the signature of PTL but not the other two. They're investigating if this student is submitting the notes by herself. I need get back to the school (Sue) tomorrow	[2 earlier replies not shown] [17:51] Sunny: do we not show the signature now in the cms for abs notes? cc @Lee [17:52] Sunny: (school would like to know all the signatures for all the attendance notes) in order to investigate on this kid [17:55] Sunny: @Sonali Gaikwad checked with Fernanda - please display the signature also for Abs and Late notes just like the PTL cc @Ravindra Chherke [18:20] Sonali Gaikwad: @Sunny It was hidden on purpose 2 years ago. I remember that James requested to hide it due to GDPR. [18:40] Sunny: but ptl it's fine not to hide(? [18:41] Sonali Gaikwad: Not sure if it was added in YHD. but it was there on CMS - old reports. ■ [19:45] Lee: Surely it can be completed quicker than 232 hours. Should use AI to help with this

@Yashraj Talokar & @Harshwardhan More have access to Anti gravity & Cursor paid versions

■ [19:51] Vivek Jadhav: @Lee This will include all modules in the Yearheads dashboard. We also need to assess the impact of bulk updates on the server and database. We'll discuss this further and provide additional details or updates as needed.
