1	2026-03-25 19:53	Lee Open in Slack	Loreto Abbey are getting PM ARF, they only want AM ARF. It's coming through Auto API, can we disable for PM for this school? @channel @Sonali Gaikwad	[3 earlier replies not shown] [10:57] Sonali Gaikwad: @Lee I believe the AFM team should not send the generated ARF through an automated API. The automation will generate the ARF based on the school's session settings
2	2026-03-25 14:12	Lee Open in Slack	@Harshwardhan More Can we have an option to create a group in Team Manager from a Team? Something like the screenshot or if you have a better idea. This is useful for creating payments based off the team	[3 earlier replies not shown] [13:15] Harshwardhan More: @Lee Yup, I can make it happen.

[16:35] Fernanda: sorry, i understand that. the school is asking when this problem started to run at 4pm, so she can check notes from the date to ensure its all corrected [16:41] Sonali Gaikwad: We deployed this feature on 14th Jan 2026 [16:45] Prajwal Chaudhari: Project code :- 714 Project title :- Prevent Late unauthorised Writeback in revalidation cron [16:46] Fernanda: thank you!!!
