# 1. Thread-by-Thread Summary

## 1.a [13:47] — Sunny initiates a thread about Compass login details

**Original message:** Sunny: Hi @Ravindra Chherke

This is the compass login

<https://stmaryshfcglasnevin-ie.compass.education>

<https://nz.onetimesecret.com/secret/f8u22fu8b0p4ovpt501ikndmqupjy6rx4chqbgol3i44ldv79a9rci742a9ank>

Please use VPN when logging in as Compass has history of users login history and location.

**Project Code:** NO PROJECT CODE

**Thread summary:** Ravindra Chherke mentions not having VPN and plans to ask the data entry team for assistance. No further replies.

## 1.b [14:50] — Lee requests an update for a school's shop link and title

**Original message:** Lee: <https://platform.payzone.ie/customer/11417/product-list>

@channel for Presentation Brothers College, Cork, can you please update the Shop link and title from "Easy Payments Plus - Easypayments" to "Payzone - Payments" Use link above please, thank you

**Project Code:** NO PROJECT CODE

**Thread summary:** Shruti Kokate confirms the update of the link and title, providing a screenshot. Lee acknowledges the completion of the task.

## 1.c [18:06] — Sunny raises concerns about SMS sending issues

**Original message:** Sunny: @channel Hi guys,

Just wanted to let you know that this happened twice to me that I've ticked both Primary & Secondary contact when sending out SMS for incoming parents. There are more than 200 SMS required and the SMS balance is 947

However, after pressing submit, I clicked into Edit to see, only Primary contact is ticked. Not sure if secondary contact got SMS or not. Now it shows 123 SMS required and the SMS balance is still 947.

Can you check why the SMS credit remains the same 947 and why secondary got unticked?

**Project Code:** NO PROJECT CODE

**Thread summary:** Sandeep Jain tags Sonali Gaikwad. Sonali confirms that SMS was sent to both contacts and mentions investigating the issue. Sunny notes discrepancies in SMS balance. Sonali acknowledges a bug affecting SMS balance display and promises to investigate. After fixing the issues, Sonali confirms the resolution, and Sunny verifies the correction.

## 2. Project Code Tracking

| Thread # | Time  | Project / Job Code(s) | Message Snippet                                                                                                                                          |

| 4 | 2026-03-30 16:26  | Lee<br><a href="#">Open in Slack</a> | <p>small request @channel for PN, currently the autosave popup blocks the submit button. Can you suggest a fix for this and implement? (also ensure this is taken into consideration for other modules when we deploy news/notifications on YHD).</p> <p>Perhaps @Amatullah Andamanwala can provide some insight with UX expertise.</p> <p>Thank you</p> | <p>[7 earlier replies not shown] [10:47] Amatullah Andamanwala: @Lee For the hover dropdown issue The recommended fix is: Add a *150–300ms hover-out delay* so the dropdown doesn't close instantly when the cursor briefly leaves. At the same time, introduce a *small invisible buffer zone* between the main menu and submenu that keeps the dropdown active when the cursor is moving toward it. *Result:* The menu feels stable and forgiving, allowing natural cursor movement without accidental closures, no UI redesign needed. [11:42] Prajwal Chaudhari: <a href="https://trello.com/c/mr9LUtld">https://trello.com/c/mr9LUtld</a> [11:46] Amatullah Andamanwala: @Lee and for the Autosave pop up issue recommended fix: Option 1: Inline Feedback (Preferred for Stability) -Display autosave status *within the layout* (e.g., near the form title or section header) instead of a floating popup. -Eliminates overlap risk entirely and keeps feedback contextual and non-intrusive. Option 2: Top-Right Toast (Standardized Pattern) -Move autosave message to the *top-right corner* as a lightweight toast. -Keeps it visible but *away from CTAs*, ensuring zero interference with user actions. [11:48] Krishna Thite: Project Code : 733 Job : Fix autosave popup issue blocking submit button in PN [12:42] Lee: replied on Trello for autosave pop up &amp; &gt; The recommended fix is: Add a *150–300ms hover-out delay* so the dropdown doesn't close instantly when the cursor briefly leaves. At the same time, introduce a *small invisible buffer zone* between the main menu and submenu that keeps the dropdown active when the cursor is moving toward it. &gt; *Result:* The menu feels stable and forgiving, allowing natural cursor movement without accidental closures, no UI redesign needed. Yes, this will be perfect @Amatullah Andamanwala [12:42] Lee: Can you implement @Amatullah Andamanwala or should @Sandeep Jain assign to someone else? [12:43] Sandeep Jain: @Amatullah Andamanwala [12:44] Sandeep Jain: But for coding @Vivek Jadhav [12:45] Amatullah Andamanwala: Okay, I will implement.</p> |
