1.a [15:15] — Web ticketing system deployment on QA2

Original message: Tejas Mahadik: @channel

Hi, The web ticketing system is deployed on QA2. Kindly have a look.

CC: @Sandeep Jain, @Ravindra Chherke

Project Code: NO PROJECT CODE

Thread summary: Tejas shared that the web ticketing system is deployed on QA2, providing a URL and details for client-side updates. Mentioned open issues to be fixed in the future.

1.b [18:22] — Issue with TUSLA Notifications send button visibility

Original message: Lee: @channel TUSLA Notifications > Send TUSLA PN > Send button not visible. Issue is with the text, text should wrap, full text should be visible and send/submit button should show

Project Code: PROJECT 752

Thread summary: Lee reported an issue with the send button visibility in TUSLA Notifications. Harshwardhan confirmed fixing the issue and deploying it to LIVE but Lee mentioned a new problem with text wrapping and visibility, attaching a screenshot for reference. Krishna assigned the job with project code 752 to fix the text wrapping and send button visibility. Harshwardhan agreed to check the new issue.

1	2026-04-06 19:29	Kumaraswamy R Open in Slack	Hi @Lee We're already displaying the PTL status on the border card with the Roll-call attendance status. So what specifically should be shown here? Also, we will be marking the boarder as present automatically if they choose the School Absence option, we'll not mark present and then mark school absence as suggested on the provided screenshot. Let us know if anything else needed here. @Sonali Gaikwad @Ayush Kharpuse @Vivek Jadhav	[12:19] Lee: Morning @Kumaraswamy R > We're already displaying the PTL status on the border card with the Roll-call attendance status. So what specifically should be shown here? Can we show another badge (different colour) with "School Absence"? > Also, we will be marking the boarder as present automatically if they choose the School Absence option, we'll not mark present and then mark school absence as suggested on the provided screenshot. That's perfect [12:30] Vivek Jadhav: @Lee do you want the "School Absence" along with Present status or just School Absence with Present button highlighted? [12:39] Lee: "School Absence" along with Present status please Also, this should be the same on the dashboard and other screens once roll is taken, thank you team [13:26] Prajwal Chaudhari: Hii @Lee In the Parent App absentee module, when a parent submits an absence with "Other" as the reason, there is a validation that requires an Further Description I have a question should this validation also be implemented in the Boarder App and Boarder Web when a student is marked absent with "Other" as the reason? [13:29] Lee: yes please @Prajwal Chaudhari thank you
2	2026-03-30 16:26	Lee Open in Slack	small request @channel for PN, currently the autosave popup blocks the submit button. Can you suggest a fix for this and implement? (also ensure this is taken into consideration for other modules when we deploy news/notifications on YHD). Perhaps @Amatullah Andamanwala can provide some insight with UX expertise. Thank you	[16 earlier replies not shown] [12:52] Vivek Jadhav: @Lee This has been updated based on above discussion and deployed to live. Thanks. cc: @Sandeep Jain @Amatullah Andamanwala @Shruti Kokate [12:58] Lee: thank you
3	2026-03-27 14:49	Fernanda Open in Slack	@Manish Pathe St Colman's 101 is getting an error trying to upload this file into groups feature	[14 earlier replies not shown] [12:38] Fernanda: couldn't record for chrome, but happened the same [12:38] Fernanda: [19:21] Manish Pathe: You need to use the standard CSV option when exporting from Excel, as it already encodes the file in UTF-8. The issue with the "CSV UTF-8 (Comma-delimited) (.csv)" format is that it adds invisible extra characters at the beginning of the header (called a byte order mark, or BOM). This causes an invalid header issue because the code compares the header as a string.

4	2026-03-26 19:52	Fernanda Open in Slack	@channel this teacher in Terenure College is not able to see recent PN. he deleted the app, installed it again. I unlinked the profile linked again but still no luck. His profile is a teacher/Parent - version of the app is 5.0.17 (31) <mailto:paul.hyland@TerenureCollege.ie paul.hyland@TerenureCollege.ie>	[7 earlier replies not shown] [13:29] Fernanda: @Yashraj Talokar any update? [13:32] Yashraj Talokar: @Fernanda, I had deployed the fix, but after testing on production we encountered other bug, so I had revert the change, so I am fixing the other bug which is actually little difficult to handle. I will fix this soon.
5	2026-03-25 15:00	Lee Open in Slack	@channel What's the status on boarders app/web? NFC cards have arrived, can I test on the current boarders app @Kumaraswamy R?
