1	2026-03-30 17:23	Lee Open in Slack	@channel @Ravindra Chherke • Irish language translation issue: The system should only translate the interface labels, not the actual message content written by the school. I thought this was resolved? For Irish language, we should only translate the app/menu items etc, not the content of Notifications/News/PNs etc.	[7 earlier replies not shown] [12:40] Lee: @Yashraj Talokar Morning - see example of translation issue. App is still translating the content of the notification (title+description). Please ensure it does not translate this data. Menu items etc can be translated but content should not be. Only for Irish language. Other languages are fine to translate everything. Thanks [12:42] Lee: This is quite urgent @Yashraj Talokar so please take a look asap. [14:12] Yashraj Talokar: @Lee Can you please check again? [14:26] Lee: seems to be working now for me. I asked the school to check. Did you make a change?
2	2026-03-25 15:02	Fernanda Open in Slack	@channel this is happening more and more, where the school deletes a notification and gets stressed that parents are still seeing. Can you please delete this message from Meanscoil Naas app, school deleted from notification, but still visible for parents.	[10 earlier replies not shown] [14:19] Fernanda: @Shruti Kokate @Sonali Gaikwad notification still visible in the app [14:30] Shruti Kokate: @Fernanda It looks like this might be due to cached data in the app. Please log out and log in again to see if they are still visible. [14:32] Fernanda: i cant ask all users to. logout and login again [14:37] Kumaraswamy R: Hi @Fernanda Since we've updated the app with a fix for this bug, for this one time, users will need to re-login to sync their app to the latest data and remove any cached News/Notifications. Moving forward, the app will handle this automatically

Android - Borders-1.0.0(7) - <https://mega.nz/folder/YwYwXDh0#e64UKVczBisZEY2nLpPsCw/file/R95xXaLZ>

You would need to delete mapping for this student also. and run mapping again. So it will map correct with James verling
