1	2026-04-15 19:00	Lee Open in Slack	Aoife Walsh (4, 4A) Mercy Roscommon, no data showing for april, please check @channel This seems to be april issue with wonde maybe	[4 earlier replies not shown] [17:47] Harshwardhan More: @Lee For Mercy College, Roscommon, Wonde did not provide data for the first 15 days of April and only started supplying data from April 15 onwards. I have revalidated and updated the system to reflect data from the 15th onward. It's likely that the school was on holiday during the first half of April, as this pattern appears across many students in that school. [18:07] Harshwardhan More: @Krishna Thite Please create an FMP job for this, mark it as complete, and share the job details here. Thanks.
2	2026-04-15 16:27	Lee Open in Slack	@channel I've asked this before. anywhere in YHD when we select all on a list, we must scroll to the bottom to load all records. Example: page loads 10 records initially but the list is 200 records. When we select all without scrolling to load all 200 records, we only select the first 10. This is confusing for users. When we select all, it must select all. Not select all that is currently loaded. This is basic UX and needs to be fixed. It's a bug. @Sandeep Jain please create FM project as P1	[1 earlier reply not shown] [11:50] Krishna Thite: Job : Fix "Select All" Functionality to Include All Records (Not Just Loaded Items) Project Code : 769 [17:25] Vivek Jadhav: @Lee I see two possible approaches for this update: 1. Display a message like 'Only loaded records are selected.' *(quick fix)* 2. Instead of loading all records (performance impact), implement logical "Select All" (filter-based) so all matching records are selected without fetching all data. (It will take around 8–10 days of effort for both frontend and backend. assuming the changes apply to all modules.) Let me know if you have any other suggestions. cc: @Sandeep Jain @Ravindra Chherke @Harshwardhan More [19:46] Lee: Option 2 This is pretty standard UX across the board so should have been implemented from the beginning. We'll speak about it tomorrow
3	2026-04-15 14:18	Sunny Open in Slack	@channel urgent for the school - *Mount Temple Comprehensive cc @Kritika Wadhwa* *Can you please export the transaction history from 01/01/2025-31/12/2025 for this school?* *getting this error:*	[7 earlier replies not shown] [11:36] Krishna Thite: Job : Enable Full-Year Transaction Export Capability from Backend Project Code : 766 [13:28] Sunny: @Kritika Wadhwa once you got a year's report out, you can send to James cc me as James is now in contact with the school thanks! 4	2026-04-15 13:44	Sunny Open in Slack	@channel *Marist College 713* I have sent out onboarding SMS to them on 30/03/26 so they still had plus SMS credit, however today it's minus 541. I checked the SMS report and there are 91 SMS sent since the end of March. Can you check why they go so minus after just two weeks of time? Thank you! 6	2026-04-14 16:27	Fernanda Open in Slack	@Kritika Wadhwa can you confirm Ardscoil Mhuire Limerick is updated with the change card feature?	[8 earlier replies not shown] [10:50] Shruti Kokate: @Fernanda I've updated some schools. I will release them today and share the list of updated schools with you. [17:15] Shruti Kokate: In *School Details* sheet, there is a tab named *Change_Card* where you can see the apps with the Change Card functionality added.
7	2026-03-26 19:52	Fernanda Open in Slack	@channel this teacher in Terenure College is not able to see recent PN. he deleted the app, installed it again. I unlinked the profile linked again but still no luck. His profile is a teacher/Parent - version of the app is 5.0.17 (31) <mailto:paul.hyland@TerenureCollege.ie paul.hyland@TerenureCollege.ie>	[14 earlier replies not shown] [14:44] Fernanda: @Yashraj Talokar can you please deploy this asap [14:46] Yashraj Talokar: @Fernanda We had deployed this morning, it was giving 500 error to some users as @Prajwal Chaudhari reported, I'm checking the cause and fix this asap [14:53] Yashraj Talokar: @Fernanda I know this is taking longer than expected, but even a small change is impacting other areas. That's why I asked Prajwal to test it thoroughly. Also, some issues are only appearing in production and not in QA, which is adding to the delay. [14:58] Fernanda: i can understand that @Yashraj Talokar but its coming to the 3rd week now.

■ [16:52] Sunny: @channel St Flannan's - shop teacher group

a teacher created a group of teacher wanted to add a teacher

■ ■■ Replies:

■ [11:54] Krit

However, we can implement this, but it will require some effort. In cases where a group contains both teachers and students, we would need to apply logic to display only teachers accordingly.

■ [12:06] Kritika Wadhwa: Okay Sunny
