## THREAD-BY-THREAD SUMMARY

### **1.a [14:05] — Request to delete an absent note**

**Original message:** @Sonali Gaikwad Hey, thanks for working today btw. Could you please delete this absent note? Thank you — Lee

**Project Code:** NO PROJECT CODE

**Thread summary:** Sonali Gaikwad replied that the task was done but mentioned that they cannot undo writeback on VSware and suggested updating manually. Lee acknowledged the response. The issue was resolved within the thread. No further action is required.

### **1.b [15:07] — Issue with selecting records**

**Original message:** @channel issue with selecting, when I select one record, it selects all... see recording — Lee

**Project Code:** PROJECT 869

**Thread summary:** The discussion started with Lee reporting an issue. Sandeep Jain, Ravindra Chherke, and Krishna Thite contributed to the conversation, with Krishna Thite referencing Project Code 869 for the job to fix the bulk selection issue. Vivek Jadhav eventually reported that the issue was fixed, and Lee thanked him. The issue was resolved within the thread. No further action is required.

### **1.c [18:54] — User report of missing PDFs after duplicating a PN**

**Original message:** @channel Santa Sabina - user is reporting when she duplicated the PN from 18th march on the 26th March, the PDFs were not there. I was not able to replicate. User said she did not remove them before submission. Can this be checked? — Lee

**Project Code:** NO PROJECT CODE

**Thread summary:** No replies. The issue of missing PDFs after duplicating a PN remains open and requires further investigation or response.

### **1.d [19:38] — Notification of absence**

**Original message:** @channel FYI I'm not here tomorrow/friday + we are all off on Monday (bank holiday) — Lee

**Project Code:** NO PROJECT CODE

**Thread summary:** No replies. This is a standalone notification of Lee's absence and the upcoming bank holiday. No action is required as it is an informational post.
